

Career and Technical Education Month

80% of students who are CTE students and college-prep students meet college and career readiness goals. Only **63%** of college-prep only students meet the same goal.

CTE students are significantly more likely to develop problem solving skills, time-management skills, and critical thinking skills than their non-CTE counterparts.

Only one software group made the top **20** list in a survey of over **3 million** job listings. Microsoft Office was ranked **#2** most in demand job skill for high growth, high income jobs.

Accounting was ranked as the **#1** most stable job in the United States by yahoo.com.

Over **16,000** MOS certifications were earned by Virginia students in 2016.
