WELCOME LETTER

WCPS Families,

Welcome to the 2023-2024 school year. After beginning the last two school years under less than ideal circumstances, we are excited to begin a new school year together. Additionally, we are exceedingly proud of Wythe County Public Schools and the many amazing accomplishments that have been achieved and obstacles that have been overcome through the hard work and dedication of our faculty, staff, students, and their families. WCPS continues to grow and excel as a school division through your hard work, and we look forward to a successful and safe school year for all of our students and families.

The mission of Wythe County Public Schools, in partnership with our community, is to ensure students are empowered with the knowledge and skills necessary to meet the challenges of the future. WCPS is committed to providing all our students with rigorous, high quality educational programs in order to prepare them for their future endeavors. The 2023-2024 student handbook has been prepared with this mission in mind.

This handbook was created to help students and their families become familiar with the policies and procedures of Wythe County Public Schools. It also provides a number of important resources that can be utilized in order to maximize the educational experience within our schools. Please take time to review this document, including information regarding school policies and division expectations. Should you have specific questions regarding the student handbook, please do not hesitate to contact your child's school for immediate assistance.

We look forward to working with you this school year, and we appreciate your support of Wythe County Public Schools.

Respectfully,

G. Wesley Poole, Ed.D.
Division Superintendent

Any communication or material generated using the computer system, including electronic mail, social media posts, instant or text messages, tweets, and other files, including communications and materials deleted from a user's account, may be monitored, read, and/or archived by division staff.

This policy applies to all users of the division's computer system. By using or accessing the computer system, the user agrees to abide by this policy and the Technology Use Guidelines established by the superintendent.

The superintendent is responsible for establishing Technology Use Guidelines, containing the appropriate uses, ethics and protocols for use of the computer system. The superintendent is also responsible for reviewing and updating, as necessary, the Guidelines at least every two years. It is the user's responsibility to know and follow this policy and the Technology Use Guidelines.

The Guidelines include:

The division’s computer system is not a public forum.

Users of the division’s computer system have no expectation of privacy for use of the division’s resources or electronic devices including non-division owned devices while connected to division networks or computer resources.

Software and/or services may not be installed or downloaded on the division’s computer system without the prior approval of the superintendent or superintendent’s designee.

No employee or agent of the School Board or person or entity contracting with the School Board may download or use any application, including TikTok or WeChat, or access any website developed by ByteDance Ltd. or Tencent Holdings Ltd. (i) on any device or equipment issued, owned, or leased by the School Board, including mobile phones, desktop computers, laptop computers, tablets, or other devices capable of connecting to the Internet.

The failure of any user to follow the terms of this policy or the Technology Use Guidelines may result in loss of computer system privileges, disciplinary action, and/or appropriate legal action. Users of the system agree to indemnify the School Board for any losses, costs, or damages relating to or arising out of any violation of this policy or the Technology Use Guidelines.

The School Board is not responsible for any information that may be lost, damaged or unavailable when using the computer system or for any information retrieved via the internet. PROGRESS REPORTS AND REPORT CARDS

UPDATED Sept 2021

Progress Reports will be issued at the mid-term of each nine-week grading period. This report will show a snapshot of the progress students are making academically at that time.

Report cards will be issued at the end of each grading period (nine weeks). This report will show the progress students are making in the various areas of study.

Students and their parents/guardians are strongly encouraged to frequently check on their grades using the PowerSchool Parent Portal on a regular basis.

If satisfactory progress is not being made, students and their parent/guardian are urged to request a conference with the teacher and/or the guidance counselor to assist them in suggesting methods to follow to improve their work.

SCREENING PROCESS FOR WYTHE COUNTY PUBLIC SCHOOLS

The existing Board of Education Regulations, effective January, 1994 require that:

“All children, within 60 administrative working days (school days) of initial enrollment in a public school, shall be screened in the following areas to determine if formal assessment is indicated: (A) Speech, Voice, and Language; and (B) Vision and Hearing.”

This regulation applies to all kindergarten students and to other students attending Virginia Public Schools for the first time. Additional screening for vision and hearing will be done in grades 3, 7, 10 and for all new students and any children who are referred by a teacher or parent. Follow up with the parent is provided when necessary.

If you have a child in grades 3, 7, or 10, you are hereby notified that your child will be screened for defects in vision and hearing. Should your child fail any of the screening procedures, you will be notified by the school principal.

Scoliosis Information:

Scoliosis is a curvature of the spine. It occurs in otherwise healthy children and can be a serious health problem if it becomes severe. It generally occurs during the growing years, especially during the growth spurt from 10 to 17 years of age. Scoliosis is more frequently noted in females and when there are other affected family members. It is not caused by anything a child or his or her parents did or failed to do, although a minority of cases is associated with other medical conditions. Early detection is essential to help avoid complications that include back pain, fatigue, reduced exercise tolerance, deformity, and in severe cases, problems with heart and lung function.

For more information on scoliosis, please visit the WCPS website on the Health Services tab. The need for treatment is best determined by a trained medical professional. If you suspect your child may be affected, contact your physician or school nurse. The school nurse provides screening for individual referrals from parents, teachers, or other school staff members.

ELEMENTARY AND MIDDLE SCHOOL PROMOTION AND RETENTION (JP-W)

Promotion or retention of each elementary and middle school student shall occur at the close of the school year. Factors to be considered are the student's academic performance, school attendance, and his/her social, intellectual, physical, and emotional readiness for the next grade level. The final placement decision rests with the principal in consultation with the student's teacher(s).

WYTHE COUNTY PUBLIC SCHOOLS K-12 GIFTED PROGRAM

Wythe County Public Schools offers an enrichment program for students identified as gifted in grades K-12. Students may be referred for screening by school personnel, parents, other students, and by self-referral at any time during the school year.

ATHLETIC PROGRAMS

UPDATED Sept 2021

There are several athletic teams sponsored by WCPS. High School teams are governed by the rules and regulations of the Virginia High School League, the school's athletic district, and Wythe County Public Schools.

All athletes are required to have a yearly physical on file before the 1st practice or pre-season conditioning of their chosen sport.

In order to participate in any extracurricular physical activity, each student-athlete and the student-athlete's parent or guardian must review, on an annual basis, information on concussions provided by the school division. After having reviewed materials describing the short- and long-term health effects of concussions, each student-athlete and the student-athlete's parent or guardian must sign a statement acknowledging receipt of such information. Please see Policy JJAC “Student-Athlete Concussions” for a more comprehensive description of the WCPS Concussion Protocol.

SCHOOL YEAR/SCHOOL DAY (Policy IC/ID)

The length of the school year is at least 180 teaching days or 990 teaching hours. Days on which a school or schools or all the schools in the division are closed due to severe weather or other emergencies are made up as provided below if necessary to meet these requirements.

If severe weather conditions or other emergency situations result in the closing of a school or schools or all the schools in the school division or in an unscheduled remote learning day for a school or schools in the division for

- five or fewer days, all missed days are made up by adding teaching days to the school calendar or extending the length of the school day;
- six days or more, the first five days plus one day for each two days missed in excess of the first five are made up by adding teaching days to the school calendar or extending the length of the school day.

If severe weather conditions or other emergency situations result in the closing of any school in the school division and such school has been unable to meet the 180 teaching day requirement, the school division may make up the missed teaching days by providing its students with instructional hours equivalent to such missed teaching days to meet the minimum 990 teaching hour requirement.

If severe weather conditions or other emergency situations result in the closing of any school in the school division for in-person instruction, the school division may declare an unscheduled remote learning day whereby the school provides instruction and student services that are consistent with guidelines established by the Department of Education to ensure the equitable provision of such services.

COMPULSORY SCHOOL ATTENDANCE REQUIREMENTS

(Referenced: Policy JEA)

Every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools,

cause such child to attend a public school or a private, denominational, or parochial school or have such child taught by a tutor or teacher of qualifications prescribed by the Board and approved by the division superintendent, or provide for home instruction of such child as described in § 22.1-254.1.

There is a strong positive correlation between attendance and academic progress. Therefore, students are to be in attendance unless an emergency situation arises. Parents are responsible for contacting their child's school as soon as possible any morning that their child(ren) will be absent.

Wythe County Public Schools will accept five (5) days of absences from school, per school year, as excused with a parent's note (PAR) or professional appointment documentation (PRO). Absences beyond the five (5) excused absences, will be unexcused, and subject to truancy regulations except in the following circumstances:

- Serious illness or death in the immediate family (sibling, parent, grandparent);
- Observation of religious holy days;
- Student's court or probation appointment;
- Parent departure or return to active military duty;
- School based activity;
- College or university visit (1 per junior and 2 per senior year with appropriate verification);
- Natural disaster;
- Extended documented medical condition;
- Extenuating circumstances recognized by the principal.

Code of VA § 22.1-258 Notification when pupil fails to report to school; Plan; Conference; Court proceedings:

Whenever any pupil fails to report to school on a regularly scheduled school day and no indication has been received by school personnel that the pupil's parent is aware of and supports the pupil's absence, a reasonable effort to notify by telephone the parent to obtain an explanation for the pupil's absence shall be made by either the school principal or his designee, the attendance officer, other school personnel, or volunteers organized by the school administration for this purpose. Any such volunteers shall not be liable for any civil damages for any acts or omissions resulting from making such reasonable efforts to notify parents and obtain such explanation when such acts or omissions are taken in good faith, unless such acts or omissions were the result of gross negligence or willful misconduct.

A. Five (5) Absences

If a student accrues five (5) absences in which there is no indication that the student's parent is aware of and supports the absence (unexcused), the principal/designee shall make a reasonable effort to ensure that direct contact is made with the parent, either in person (attendance meeting) or through a telephone conversation, to obtain an explanation for the student's absence and to explain to the parent the consequences of continued nonattendance. The school's attendance officer, the student, and the student's parent shall jointly develop a plan to resolve the student's nonattendance. Such plan shall include documentation of the reasons for the student's nonattendance.

B. Six (6) Absences

If the student is absent an additional day (6th unexcused absence) after direct contact with the student's parent and the school attendance office has received no indication that the student's parent is aware of and supports the student's absence, the attendance office shall schedule a conference within ten (10) school days, which must take place no later than the fifteenth (15) school day after the sixth (6) absence. At this conference (Wythe County Truancy Team Meeting), the student, his/her parent, and school personnel, shall meet to resolve issues related to the student's nonattendance. Other community service providers may also be included in the conference.

An attendance officer, or a division superintendent or his designee when acting as an attendance officer pursuant to § 22.1-258, may complete, sign, and file with the intake officer of the juvenile and domestic relations district court, on forms approved by the Supreme Court of Virginia, a petition for a violation of a school attendance order entered by the juvenile and domestic relations district court pursuant to § 16.1-278.5 in response to the filing of a petition alleging the pupil is a child in need of supervision as defined in § 16.1-228.

C. Seven (7) Absences

Upon the occasion of the 7th unexcused absence, the principal will refer the student and his/her parent(s) or guardian(s) to the division attendance office to evaluate appropriate legal action. According to the Code of Virginia, in cases where noncompliance continues without apparent extenuating circumstances, appropriate legal action will be initiated by either or both of the following: (1) file a complaint with the Juvenile and Domestic Relations Court alleging the child is a child in need of supervision as defined in §16.1-228 or (2) instituting proceedings against the parent pursuant to §18.2-371 or §22.1-262. In file a complaint against the student, the attendance office shall provide written documentation of the efforts already undertaken to resolve the student's absence. If the student's parents have joint physical custody of the student and the school has notice of the custody arrangement, then both parents shall be notified at the last known addresses.

Nothing in this section shall be construed to limit in any way the authority of any attendance officer or division superintendent to seek immediate compliance with the compulsory school attendance law as set forth in this article.

Attendance officers, other school personnel or volunteers organized by the school administration for this purpose shall be immune from any civil or criminal liability in connection with the notice to parents of a pupil's absence or failure to give such notice as required by this section.

D. Parental Cooperation in Remediating Excessive Absences

It is expected that parents will cooperate with the division attendance office and other school office to remedy the student's attendance problem. If direct contact with a parent cannot be made, despite reasonable efforts, or where parents otherwise fail to cooperate in remediating the student's attendance problem, the Superintendent or the Superintendent's designee may seek immediate compliance with the compulsory school attendance laws. The division attendance office, with the knowledge and approval of the Superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. Where the complaint arises out of the parent's failure to comply with the requirements of §22.1-258, the division attendance office shall document the school division's compliance with this Code section. Nothing in this policy shall be construed to limit in any way the authority of any attendance office or the division superintendent to seek immediate compliance with the compulsory school attendance laws.

The Wythe County School Board believes that regular school attendance is directly related to academic achievement and to formulation of desirable work habits in young people. Generally, students are expected to attend school except in cases of personal illness, family emergency, or death in the immediate family.

Chronic Absenteeism is defined as students who are at academic risk because they missed too much school for any reason – excused, unexcused, and suspensions. Defined as missing 10% or more of school days. For example, based on a 180 day school year, that means a student who misses 18 days or more per year is determined to be a chronically absent student.

Chronic absence is different from truancy (unexcused absences only) or average daily attendance (how many students show up to school each day).

While chronic absences presents academic challenges for students not in class, when it reaches high levels in a classroom or school, all students may suffer because the resulting classroom churn hampers teachers' ability to engage all students and meet their learning needs.

Working together, we can anticipate positive educational experiences for all our young people. If you have questions or concerns about any of the expectations, please contact the principal of your child's school.

Parents are responsible for contacting their child's school as soon as possible any morning their child will be absent or tardy. WCPS will keep track of student deviations. Deviations are any combination of full day or partial day absences. WCPS has develop a list of Attendance Deviation Codes as follows:

WCPS ATTENDANCE EXPECTATIONS

The Wythe County School Board recognizes that regular school attendance is directly related to academic success and to the formulation of desirable work habits in young people. The Code of Virginia Section 22.1-254, mandates that every parent,

guardian, or other person in the Commonwealth having control or charge of any child who has reached his/her fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each school year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public or to a private, denominational or parochial school or have such child taught by a tutor or a qualified teacher prescribed by the Board of Education and approved by the division Superintendent or provide for home instruction of such child as described in Virginia Code section 22.1-254.1.

Students are expected to attend school except in cases of personal illness, family emergency, or death in the immediate family. Any student absent for any part of the school day will not be allowed to participate in co-curricular or extra-curricular activities that day without permission of the school administration.

Failure to make up missed work will likely result in a failing grade. It is the responsibility of students and parents to make arrangements with the teachers to make up work upon reentry to school. Work must be completed within a time frame equal to the number of days missed. If a student is absent on the day of an announced test, he/she is expected to make up the test on the day he/she returns to school.

The following information outlines the Attendance Expectations at each grade level:

Students are responsible for being in school and class on time. A positive attitude toward school attendance will enable students to

1. attending school for the same number of days and hours that school is in session unless such attendance is rendered impossible because of personal illness, family emergency, or death in the immediate family
2. accept responsibility for their attendance;
3. define their goals and reach their fullest potential;
4. develop the habit of consistent attendance necessary to be successful in life and the world of work;
5. knowing and abiding by the guidelines listed below for making up assignments missed during an absence:
 - a. Failure to make up work missed will result in a grade of zero (0) for the missed work.
 - b. Make-up work must be completed in a time frame equal to the number of days missed.
 - c. It is the responsibility of the student to make arrangements with the teacher for completing make-up work.
 - d. If a student is absent on the day of an announced test but was present when the test was announced, and has been present for all material covered on the test, the student is expected to take the test on the day he/she returns to school.

Parents/Guardians are responsible for promoting a positive school attendance attitude in their children by

1. developing within the student an appreciation for the worth of becoming an educated person
2. creating a support system (safe, healthy home environment) that is conducive to learning
3. make sure that the student is in school on time each day
4. being an active part of the student's school activities (e.g. consulting school calendar for key days; attending parent-teacher conferences and other school functions; communicating with school personnel
5. recognizing the importance of positive feedback as it relates to the development a positive, success-oriented self-image for their student
6. contacting the school, if it is known in advance that an absence will occur, to make arrangements for make-up work prior to the anticipated absence
7. provide the proper communication the morning of each absence notifying the school's main office of their child's absence.
8. providing the correct documentation to the school the day the student returns to school after an absence
9. sending to school, if a student checks in tardy, a written explanation for the student's arriving late

The School Staff is responsible for fostering good student attendance by

1. modeling good daily attendance
2. making the classroom an inviting place for students to be

3. providing an atmosphere in which students will become actively involved in and excited about the learning process
4. communicating to students how daily attendance is directly related to good grades and to the development of desirable work habits
5. counseling with students as absences occur
6. providing appropriate incentives and any necessary discipline
7. being available for parent conferences and/or initiating conferences with parents as needed to discuss attendance concerns

STUDENT CONDUCT (JFC)

(Updated July 2021)

The Wythe County School Board establishes expectations for student conduct so that public education is conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights.

In addition to the types of conduct prohibited below, the superintendent issues Standards of Student Conduct and a list of possible actions for violations of those Standards.

This Policy and the Standards of Student Conduct apply to all Wythe County school students. They are enforced when the student's conduct occurs when the student is

- On school property.
- Traveling to school or from school.
- Traveling to, at, and from bus stops.
- In School Board vehicles.
- In attendance at any school-sponsored activity.
- Off school property if the conduct disrupts the learning environment.

The School Board and superintendent biennially review the model student conduct code developed by the Virginia Board of Education to incorporate into policy and the Standards of Student Conduct a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

PARENTAL INVOLVEMENT AND RESPONSIBILITY

Each parent of a student enrolled in Wythe County schools has a duty to assist in enforcing this policy, the Standards of Student Conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights. This policy, the Standards of Student Conduct, a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law is sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of this policy, the Standards of Student Conduct, the requirements of Va. Code § 22.1-279.3 and the compulsory school attendance law is also sent. Parents are notified that by signing the statement of receipt, they are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school maintains records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or principal's designee to review this policy, the Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law and to discuss improvement of the child's behavior, school attendance and educational progress.

The school principal may notify the parents of any student who violates a School Board policy, the Standards of Student Conduct, or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education as described in Policy CLA Reporting Acts of Violence and Substance Abuse.

If a parent fails to comply with the requirements of this Policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

A parent, guardian or other person having control or charge of a student is notified in writing of any disciplinary action taken with regard to any incident upon which an adjudication of delinquency or conviction for an offense listed in Va. Code § 16.1-260.G was based and the reasons therefor. The parent or guardian is also notified of the parent or guardian's right to review, and to request an amendment of, the student's scholastic record, in accordance with regulations of the Board of Education governing the management of scholastic records.

PREVENTION, INTERVENTION, AND TREATMENT ACTIVITIES AND PROGRAMS

Any student involved in a reportable drug or violent incident, as described in Policy CLA Reporting Acts of Violence and Substance Abuse, participates in prevention and intervention activities deemed appropriate by the superintendent or superintendent's designee. SEARCH AND SEIZURE/EVIDENCE/CONTRABAND (JFG)

To maintain order and discipline in the schools and to protect the health, safety, and welfare of students and school personnel, school authorities may search a student, student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruption of any lawful function, mission or process of the school, or any item described as unauthorized in school rules available beforehand to the student.

Student desks and lockers are the property of the school, and may be used for the storage of permitted student belongings only. School officials retain locker combinations and reserve the right to search desks and lockers, as well as to open lockers at any time for repairs. A general search of lockers or desks may be conducted to repossess school property or to locate illegal materials. A random, systemic, non-selective search of student classrooms, desks, lockers, or automobiles may be conducted by school officials in accordance with a pre-determined search formula. Students are responsible for the content of their assigned locker at all times. The student's individual right to privacy and freedom from unreasonable search and seizure is balanced by the school's responsibility to protect the health, safety, and welfare of all persons within the school community. Should illegal materials be found during a search, law enforcement officers should be notified.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property, but may be conducted wherever the student is involved in a school sponsored function.

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched by a school official if the school official has reasonable suspicion to believe that the student has violated or is about to violate the law, or a school rule and that the search will yield evidence of the violation. A personal search may include requiring a student to be scanned with a metal detector.

Automobile Searches

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation, or that illegal or unauthorized materials or other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Computer Searches

School computers, software, and Internet access are school property. Students are only authorized to use school computers and other similar educational technology consistent with the educational mission of the school. School officials may search school computers, software, and internet access records at any time for any reason and without student consent.

Seizure of Illegal Materials

If a properly conducted search yields illegal or contraband materials, such files shall be turned over to proper legal authorities for ultimate disposition.

Students are expected to dress appropriately for a K-12 educational environment. The following clothing and accessories are inappropriate in the educational setting:

- Clothing that interferes with the rights of others or disrupts the educational environment.
- Clothing with language or images that are vulgar, obscene, discriminatory, or associated with racial or ethnic intimidation, hatred, or violence, including but not limited to swastikas and confederate flags
- Clothing that promotes illegal or violent conduct, such as the unlawful use of weapons, drugs or drug paraphernalia, alcohol, or tobacco or nicotine vapor products
- Clothing, jewelry, or accessories that can be used as a weapon
- Clothing, jewelry, accessories, tattoos, manners of grooming that, by virtue of its color, arrangement, trademark, or any other attribute presents threats, demonstrates gang membership, or advocates illegal, violent, or disruptive behavior

When the body is standing straight and upright, clothing must cover the chest, back, torso, stomach, and lower extremities from armpit to armpit to mid-thigh.

- All clothing must have straps over the shoulder or sleeves

- See-through/mesh clothing must not be worn without appropriate coverage underneath
- Head coverings are prohibited (unless required for religious, medical or other reason approved by school administration)
- Sunglasses may not be worn in the building

PROCEDURE

It is the individual school administrators' responsibility to enforce the WCPS Student Dress Code. The following diagram illustrates the appropriate amount of clothing coverage in school:

Enforcement of the Dress Code: Students who are not in compliance with the WCPS Dress Code Policy will be required to change into appropriate clothing or wear clothing that covers up the inappropriate clothing. Students may call home to have someone bring a change of clothes. If dress code violations persist, the student will be subject to the actions above as well as disciplinary action that may include,

but not be limited to detention, in-school suspension, or other discipline as deemed appropriate by the school administration.

Student Dress Code at Special Activities: Administrators may suspend portions of the dress code and allow students to wear other appropriate clothing at special activities. Such activities include, but are not limited to field days, field trips, athletic practices and events, physical education, cheerleading, and band activities. Administrators may also declare certain school days as “dress-up” or “theme” days and suspend portions of the dress code at their discretion. Also, in some classes, students may be required to wear more restrictive clothing or accessories than the dress code requires in order to protect the safety of the student.

STUDENT CONDUCT ON SCHOOL BUSES (JFCC)

Students are required to conduct themselves on school buses in a manner consistent with established standards for classroom behavior.

The school principal may suspend or revoke the riding privileges of students and/or take other disciplinary actions for students who are disciplinary problems on the bus. Parents (or guardians) of children whose behavior and misconduct on school buses violates the Student Code of Conduct or otherwise endangers the health, safety and welfare of other riders shall be notified that their child/children face the loss of school bus riding privileges and/or other disciplinary actions.

If a student’s riding privileges are suspended or revoked, the student’s parents are responsible for seeing that the student gets to and from school safely.

The bus driver is responsible for maintaining the orderly behavior of students on school buses and shall report misconduct to the student's principal and provide a copy of the report to the transportation office.

SCHOOL BUS SAFETY AND DISCIPLINE

Each principal is responsible for carrying out a school bus safety program and has jurisdiction over the conduct of students while on the bus. The school bus driver has the authority to maintain discipline on his/her bus.

Students are to observe the following precautions:

When walking to the stop and waiting for the bus:

- arrive on time at the bus stop
- wait in a safe place off the main road
- remain at the assigned bus stop area and maintain an orderly behavior
- give the bus room to stop
- stay off private property
- do not play in the road

When boarding the bus:

- do not cross the road until the bus has stopped
- check the traffic in both directions before crossing
- form a single line as the bus approaches
- wait for the bus to stop before moving toward it
- enter the bus in single file; allowing younger students to board first
- go directly to your seat and remain seated

While the bus is in motion:

- remain seated until the bus reaches its destination or comes to a complete stop
- keep all parts of the body and other objects inside of bus
- keep the aisle clear of objects
- hold books, coats, and other objects in lap
- talk in normal voice
- do not change seats
- do not throw objects
- show respect for the driver
- do not push or fight

While the bus is unloading:

- remain seated until the driver opens the door
- exit the bus in a single file line
- leave the bus and the unloading area promptly

When crossing the street:

- wait until the driver gives a signal to cross
- walk at least 10 feet in front of the bus
- stop when even with the traffic side of the bus and check carefully in both directions before continuing to cross
- help smaller children to cross the road safely

Other conditions:

- at all times ride the bus to which you are assigned unless given special permission by parents and the principal get off the bus at the same stop where you were picked up
- follow the rules and regulations of the school where bus transfers are made (all students are subject to the school officials of any school)
- eating, drinking, smoking, and chewing on the bus are prohibited

GUIDANCE FOR POSITIVE AND PREVENTATIVE CODE OF STUDENT CONDUCT

(Updated Sept. 2021)

STUDENT BEHAVIOR CATEGORIES

The following behavior categories are designed to recognize the impact student behavior has on the school environment and on learning. They encourage awareness for administrators, teachers, parents, and counselors of students' social-emotional development and emphasize the importance of helping students achieve academically and develop SEL competencies.

- A. **Behaviors that Impede Academic Progress (BAP):** These behaviors impede academic progress of the student or of students. They are typically indicative of the student's lack of self-management or self-awareness. Sometimes, the student may need help in understanding how the behavior impacts others so training in social awareness may also be indicated.

Behaviors in this category impede the academic progress of the student or of other students. For elementary students, level one responses are recommended for these behaviors. For secondary students, level one or level two responses are recommended. These behaviors should not involve or be reported to law enforcement.

- Interfering with learning in the classroom (talking, excessive noise, off-task, out of seat, possessing items that distract)
- Interfering with learning outside of the classroom (excessive noise, interrupting a class, etc.)
- Scholastic dishonesty (cheating, plagiarism)
- Unexcused tardiness to class (Level one at elementary; up to level 2 at secondary)
- Unexcused tardiness to school (Level one at elementary; up to level 2 at secondary)

- B. **Behaviors Related to School Operations (BSO):** These behaviors interfere with the daily operation of school procedures. Students exhibiting these behaviors may need to develop self-management, self-awareness, or social awareness skills.

These behaviors interfere with the daily operation of school procedures. Recommended responses to these behaviors for elementary and secondary students range from level one to level three. These behaviors should not involve or be reported to law enforcement.

- Altering an official document or record
- Bringing unauthorized persons to school or allowing unauthorized persons to enter the school building
- Dress Code Violation (Level 1 or 2 only)
- Failure to be in one's assigned place on school grounds (Level 1 or 2 only)
- Failure to attend assigned disciplinary setting (detention, in-school suspension, Saturday school)
- Gambling (games of chance for money or profit)
- Giving false information to staff
- Refusal to comply with requests of staff in a way that interferes with the operation of school

- Unauthorized use of school electronic or other equipment
- Vandalism, graffiti, or other damage to school or personal property
- Violation of the Acceptable Use of Technology/internet policy
- Violation of school board policy regarding the possession or use of portable communication devices

C. **Relationship Behaviors (RB):** These behaviors create a negative relationship between two or more people that does not result in physical harm. Relationship behaviors affect the whole school community in that the school climate is often a reflection of how people treat one another. Students who exhibit difficulty with relationship behaviors may also have difficulty with the other social-emotional competencies.

Behaviors in this category create a negative relationship between two or more members of the school community (No physical harm is done.) For elementary and secondary students, recommended responses to these behaviors range from level one to level three. These behaviors should not involve or be reported to law enforcement.

- Bullying with no physical injury ([Model Policy to Addressing Bullying in Virginia's Public Schools](#))
- Cyberbullying ([Model Policy to Addressing Bullying in Virginia's Public Schools](#))
- Failure to respond to questions or requests by staff
- Inappropriate physical contact that is sexual in nature or violates school rules regarding contact

- Saying or writing either directly or through electronic communication sexually suggestive comments, innuendos, propositions, or other remarks of a sexual nature
- Speaking to another in an uncivil, discourteous manner
- Teasing, taunting, engaging in a verbal confrontation, verbally inciting a fight
- Using profane or vulgar language or gestures (swearing, cursing, hate speech, gang signs or gestures)
- Using slurs based upon the actual or perceived race, ethnicity, color, national origin, citizenship/immigration status, weight, gender, gender identity, gender expression, sexual orientation, or disability

D. **Behaviors that Present a Safety Concern (BSC):** These behaviors create unsafe conditions for students, staff, and visitors to the school. The underlying reasons for this type of behavior may lie in any of the social-emotional competencies so the administrator should investigate the underlying motivation for the student's behavior. Training in social awareness and decision-making are usually indicated in any behavior that creates a safety concern.

Behaviors in this category create unsafe conditions for students, staff, and/or visitors to the school. The range of recommended responses for elementary and secondary students is noted in parenthesis and should be based on the age and development of the student and the harm caused by the behavior.

- Bus: Endangering the safety of others on the bus (Level 1- 3)

Behaviors in this category endanger the health, safety, and/or welfare of either the student or others in the school community. Recommended responses for all students range from level one to level five depending upon the age and development of the student and the danger caused by the behavior. The categories are a means to sorting behaviors in order to apply leveled administrative responses to student behaviors. The *Standards of Student Conduct* section provides examples of how the behavior categories work with leveled administrative responses.

APPLICATION OF WCPS DISCIPLINE POLICY

1. Standards of student conduct apply to all students under the jurisdiction of a school board.
2. Disciplinary action will be determined based on the facts of each incident in the reasonable discretion of the school board and other appropriate school officials.
3. Disciplinary responses to student behavior will be aligned with the levels established by the school board.
4. Students are subject to disciplinary action for misconduct that occurs:

- a. In school or on school property,
 - b. On a school vehicle,
 - c. While participating in or attending any school- sponsored activity or trip,
 - d. On the way to and from school, and
- e. Off school property, when the acts lead to
- (i) an adjudication of delinquency or a conviction for an offense listed in § 16.1-305.1. of the Code of Virginia (unlawful purchase, possession or use of a weapon, homicide, felonious assault and bodily wounding, criminal sexual assault, manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances or marijuana, arson, and related crimes, and burglary and related offenses), criminal street gang activity or recruitment for such activity, or an act of violence by a mob, or
 - (ii) a charge that would be a felony if committed by an adult.

EQUITY THROUGH LEVELED RESPONSES TO STUDENT BEHAVIOR

A school board has a vested interest in the consistent and the equitable implementation of policy across school sites and varying demographics. To ensure greater consistency, some school boards have developed descriptors of student behaviors and prescribed certain minimum and maximum disciplinary actions. Others have identified levels of action appropriate for only specified offenses, and many have limited discretion in cases of very serious offenses. When school boards create leveled systems for administrators to apply equitable disciplinary responses to student behaviors, they increase the fidelity of implementation of a school division’s discipline policy and therefore improve equity. The following leveled administrative responses are examples of how school boards can create equitable responses to student behavior.

While the Board of Education does not require school divisions to adopt this model in its entirety, the Board does encourage school divisions to create their own leveled system using this and other models.

LEVELED ADMINISTRATIVE RESPONSES TO STUDENT BEHAVIOR

Administrators and leadership teams should engage in a data driven decision-making process to determine appropriate responses for behaviors at all levels. Consequent actions or punishment should always be addressed with instruction and intervention. Instruction should focus on helping students develop social-emotional competencies needed to change the behavior.

As a part of the administrative decision making process, school boards are encouraged to develop an investigation process and to train school administration in the process. Such processes help ensure the students’ rights are respected and that all student behavior is addressed in an equitable manner. All referrals to an administrator should include communication with the family. Family involvement is critical to addressing student behavior.

SAMPLE INVESTIGATIVE DECISION MAKING PROCESS

The administrator will:

1. Determine if the behavior is an office-managed behavior (See the Discipline Process Flow Chart on page 33). If it is a teacher-managed behavior, consult with the teacher, team, school counselor, or other personnel on appropriate next steps.
2. Gather information to determine the complete picture of the situation, including statements from the student(s).
3. Identify contributing factors and existing data and/or previous interventions.
4. Consult the regulations for students with disabilities Appendix C, if the student is identified as having a disability.
5. Communicate with the family to inform and gather information.
6. Consider whether contributing factors, data, or previous interventions indicate that a support or intervention is appropriate for the student.
7. Refer the student to the support services or restorative justice intervention, if supports are indicated.
8. Label the behavior according to the behavior descriptors; assign the appropriate level of consequence, if disciplinary consequences are indicated.
9. Inform families of results of the investigation, the discipline consequence, and the academic and behavioral interventions that will be provided.
10. Document all interventions and consequences.
11. Notify the Superintendent Designee and Law Enforcement as required by policy.
12. Initiate a Threat Assessment, as indicated or required.
13. Follow through on the recommendations from the Threat Assessment Team.
14. Develop an action plan to provide for the student’s academic and behavioral needs during the suspension or expulsion if the student is long-term suspended or expelled.

Administrative responses and interventions should be designed to address student behavior, reinforce school and classroom expectations for appropriate behavior, and prevent further behavioral issues. The following levels of administrator responses go hand-in-hand with tiered supports, which are more fully described in the *Guidelines for the Reduction of Exclusionary Practices*. Neither is intended to be the sole response to student discipline incidents. The following lists of leveled administrative responses to student behavior are provided as an example of a leveled system of discipline responses. School boards are encouraged to develop their own levels of response based on local data and resources.

Level 1 Responses: Level 1 responses are intended to prevent further behavioral issues while keeping the student in school.

- Re-teaching or modeling of desired behavior
- Recognize/Reward appropriate behavior
- Administrator/Student conference and/or Administrator/Student/Teacher conference
- Written reflection or letter of apology
- Peer mediation or conflict resolution
- Behavior progress chart
- Community service (appropriate to correct the behavior)
- Restitution
- Seat change
- Loss of school privileges
- Confiscation by the administration
- Administrator/Teacher/Parent/Guardian conference
- Detention (before school, at lunch, after school)
- In-school suspension (Up to one-two days) with behavioral instruction and academic support

Level 2 Responses: Administrative responses and interventions at this level are designed prevent further behavior issues and keep the student in school. Depending upon the severity of the behavior, short-term removal of the student from the classroom may be appropriate.

- Student conference
- Administrator/Teacher/Counselor/Student conference (includes re-teaching of expected behavior)
- Administrator/Teacher/Parent/Guardian conference
- Check-In/Check-Out
- Mediation or conflict resolution
- Detention (before school, at lunch, after school)
- Referral to support services (e.g., School Counselor, Behavior Interventionist, Mentor Program, and Problem Solving Team (ex. VTSS), Substance Use and Intervention Program)
- Referral to Individualized Education Plan (IEP) Team
- Schedule change
- Community service (appropriate to correct the behavior)
- Referral for community-based services
- Saturday school
- Restitution
- Confiscation
- Temporary loss of privileges
- In-school suspension with behavioral interventions and/or restorative practices (one-three days)

Level 3 Responses: Dependent upon the severity, chronic nature of the behavior and/or safety concerns, Level 3 behaviors may result in the student's short-term removal from school.

- Administrator/Teacher/Parent/Guardian Conference
- Detention
- In-school suspension with restorative practices (three plus days not to exceed five days)
- Referral to support services (e.g., School Counselor, Behavior Interventionist, Mentor Program, Problem Solving Team, Therapeutic Day Treatment (TDT), Substance Use and Intervention Program)
- Referral for community-based services
- Functional Behavioral Assessment (FBA) and Behavior Intervention Plan (BIP) Development (Special Education Students)
- Functional Behavioral Assessment (FBA) and Behavior Support Plan (BSP) Development (General Education Students)
- Community service

- Behavior contract (developed with and signed by the student, parent/guardian, and school officials)
- Referral to law enforcement where required

Level 4 Responses: Some Level 4 behaviors require a report to the superintendent or superintendent’s designee as outlined in the *Code of Virginia* § [22.1-279.3:1](#). Local school board policy may require additional reporting. A referral to the superintendent or superintendent’s designee does not automatically result in a long-term suspension, change of placement or expulsion. After a review of the incident in context, the superintendent or designee may return students to the comprehensive setting with additional supports and/or responses to be implemented.

- Threat Assessment as indicated by the behavior
- Referral to law enforcement as required
- Parent-Administrator-Teacher-Student behavior contract
- Long-term revocation of privileges
- Restitution via written contract
- Referral for community-based services
- Schedule change
- Short-term out-of-school suspension (for preschool to grade three students one to three days, four to ten days for fourth- to sixth-grade students, or five to ten days for seventh- to twelfth-grade students)
- Recommendation for a long-term suspension as determined by local policy or by *Code*. Link: [\(11 to 45 days as defined in § 22.1-276.01\)](#)

Level 5 responses: Level 5 responses are reserved for those behaviors that require a referral to the superintendent or designee. For preschool to grade three students, any suspension beyond three days must be referred to the superintendent. A referral to the superintendent or designee may not automatically result in an expulsion, alternative placement, school reassignment, or long-term suspension.

SUSPENSIONS AND EXPULSIONS

Suspensions are defined in §22.1-277.04 and .05 of the Code of Virginia as any disciplinary action whereby a student is not permitted to attend school, but fewer than 365 days.

- Short-term suspension involves one to ten days.
- SB170 prohibits, except for drug offenses, firearm offenses, and certain criminal acts, students in preschool through grade three from being suspended for more than three school days or expelled from attendance at school unless (i) the offense involves physical harm or credible threat of physical harm to others or (ii) the local school board or the division superintendent or his designee finds that aggravating circumstances exist.
- Long-term suspension means any disciplinary action whereby a student is not permitted to attend school for 11 to 45 school days, unless they meet aggravating circumstances.

Legislation enacted July 1, 2018, directed the Virginia Department of Education to define “aggravating circumstances” concerning suspension of students. The Virginia Department of Education staff and multiple stakeholder groups collaborated to create the following definition:

For the purposes of §22.1-277 and §22.1-277.05 of the Code of Virginia, “aggravating circumstances” shall mean:

- i. That a student engaged in misconduct which caused serious harm (including but not limited to physical, emotional, and psychological harm) to another person(s) or posed a credible threat of serious harm to another person(s), as determined by a threat assessment; or
- ii. That a student’s presence in the school poses an ongoing and unreasonable risk to the safety of the school, its students, staff, or others in the school; or
- iii. That a student engaged in a serious offense that is:
 - a) persistent (repeated similar behaviors are documented on the student’s disciplinary record), and
 - b) unresponsive to targeted interventions as documented through an established intervention process.

Expulsion is defined in § 22.1-277.06. of the Code of Virginia as “any disciplinary action imposed by a school board or a committee thereof, as provided in school board policy, whereby a student is not permitted to attend school within the school division and is ineligible for readmission for 365 calendar days after the date of the expulsion.”

Suspension, expulsion, or both, may be used as disciplinary measures when local school authorities determine that such action meets the following suspension or expulsion criteria. Suspension or expulsion is:

- An appropriate disciplinary sanction for a violation of the student code of conduct;
- Appropriate to prevent disruption of the school’s learning environment, programs, or activities;
- Appropriate to ensure the safety and welfare of the student, other students, and/or staff; and
- Appropriate to maintain a safe, drug-free, and orderly school environment conducive to learning.

(Updated July 2022)

All Wythe County Schools procedures to ensure that suspended students are able to access and complete graded work during and after the suspension. The procedures will apply to ALL students, including students with disabilities, who are given a short-term or long-term suspension of any duration. Therefore, students, even if only serving a short-term suspension of less than ten school days, must be provided an opportunity to access and complete graded work during and after the suspension. (Va. Code §§ 22.1-277.04 and 277.05)

For a complete overview of the WCPS Student Suspension/Expulsion Policy, please refer to policy JGD/JGE.

HEALTH AND SAFETY SERVICES

HEALTH SERVICES

Wythe County Public Schools provides school health services for children and faculty during the school day for the initial emergency care of students who have been injured while at school or who have become sick. In addition, health care is provided to students who have chronic health care problems. This care is administered by a school nurse who is a Virginia licensed health care provider. Presently, there is a school nurse in every school in the county for at least a portion of the school day.

ADMINISTERING MEDICINES TO STUDENTS (JHCD) (Updated July 2021)

Self-Care and Self-Administration of Medication

Each enrolled student who is diagnosed with diabetes, with parental consent and written approval from the prescriber, is permitted to

- carry with him and use supplies, including a reasonable and appropriate short-term supply of carbohydrates, an insulin pump, and equipment for immediate treatment of high and low blood glucose levels, and
- self-check his own blood glucose levels on school buses, on school property, and at school-sponsored activities.

A School Board employee, as defined in Va. Code § 22.1-274.E, who is a registered nurse, licensed practical nurse, or certified nurse aide and who has been trained in the administration of insulin, including the use and insertion of insulin pumps, and the administration of glucagon may assist a student who is diagnosed with diabetes and who carries an insulin pump with the insertion or reinsertion of the pump or any of its parts. Prescriber authorization and parental consent shall be obtained for any such employee to assist with the insertion or reinsertion of the pump or any of its parts. Nothing in this policy requires any employee to assist with the insertion or reinsertion of the pump or any of its parts.

Self-Administration of Asthma Medications and Auto-Injectable Epinephrine

Students with a diagnosis of asthma or anaphylaxis, or both, are permitted to possess and self-administer inhaled asthma medications or auto-injectable epinephrine, or both, as the case may be, in accordance with this policy during the school day, at school-sponsored activities, or while on a school bus or other school property. A student may possess and self-administer asthma medication, or auto-injectable epinephrine, or both, when the following conditions are met:

- Written parental consent that the student may self-administer inhaled asthma medications or auto-injectable epinephrine, or both, is on file with the school.
- Written notice from the student’s health care provider is on file with the school, indicating the identity of the student, stating the diagnosis of asthma or anaphylaxis, or both, and approving self-administration of inhaled asthma medications or auto-injectable epinephrine, or both, that have been prescribed for the student; specifying the name and dosage of the medication, the frequency in which it is to be administered and the circumstances which may warrant its use; and attesting to the student’s demonstrated ability to safely and effectively self-administer the medication.
- An individualized health care plan is prepared, including emergency procedures for any life-threatening conditions.
- There is a consultation with the student’s parent before any limitations or restrictions are imposed on a student’s possession and self-administration of inhaled asthma medications and auto-injectable epinephrine, and before the permission to possess and self-

- administer inhaled asthma medications and auto-injectable epinephrine at any point during the school year is revoked.
- Self-administration of inhaled asthma medications and auto-injectable epinephrine is consistent with the purposes of the Virginia School Health Guidelines and the Guidelines for Specialized Health Care Procedure Manual, which are jointly issued by the Virginia Department of Education and the Virginia Department of Health.
- Information regarding the health condition of the student may be disclosed to school board employees in accordance with state and federal law governing the disclosure of information contained in student scholastic records.

Permission granted to a student to possess and self-administer asthma medications or auto-injectable epinephrine, or both, will be effective for a period of 365 calendar days, and must be renewed annually. However, a student's right to possess and self-administer inhaled asthma medication or auto-injectable epinephrine, or both, may be limited or revoked after appropriate school personnel consult with the student's parents.

Epinephrine

Pursuant to an order or standing protocol issued by the prescriber within the course of his professional practice, any school nurse, School Board employee, employee of a local appropriating body or employee of a local health department who is authorized by a prescriber and trained in the administration of epinephrine may possess epinephrine and administer it to any student believed to be having an anaphylactic reaction.

Albuterol Inhalers

Albuterol inhalers and valved holding chambers are stocked in each school in the division to be administered by any school nurse, employee of the School Board, employee of a local appropriating body, or employee of a local health department who is authorized by the local health director and trained in the administration of albuterol inhalers and valved holding chambers for any student believed in good faith to be in need of such medication.

Regulation

The superintendent shall develop a regulation for administration of medicines to students. The regulation shall include provisions for the handling, storage, monitoring, documentation and disposal of medication.

GUIDANCE AND COUNSELING PROGRAM (IJ)

Each school will provide the following guidance and counseling services to all students:

- academic guidance to assist students and their parents to acquire knowledge of the curricula choices available to students, to plan a program of studies, to arrange and interpret academic testing, and to seek post-secondary academic opportunities
- career guidance to help students acquire information and plan action about work, jobs, apprenticeships, and post-secondary educational and career opportunities.
- personal/social counseling to assist students to develop an understanding of themselves, the rights and needs of others, how to resolve conflict and to define individual goals, reflecting their interests, abilities and aptitudes. Information and records of personal/social counseling will be kept confidential and separate from a student's educational records and not disclosed to third parties without prior parental consent or as otherwise provided by law. Parents may elect, by notifying their child's school in writing, to have their child not participate in personal/social counseling.
- employment counseling and placement services which furnish information relating to the employment opportunities available to students graduating from or leaving the public schools. Such information will be provided to secondary students and will include all types of employment opportunities, including, but not limited to, apprenticeships, the military, career education schools, and the teaching profession. In providing such services, the school board will consult and co-operate with the Virginia Employment Commission, the Department of Labor and Industry, local business and labor organizations, and career schools.

eating disorders for students in grades five (5) through twelve (12) on an annual basis.

Referral and Follow-up. Wythe County Schools will notify parents/guardians of all students who are identified as possibly “at risk”. Parents/guardians should be encouraged to schedule a follow-up evaluation for their children with their health care provider and/or a qualified eating disorders specialist. Wythe County Schools may request a notice of receipt from the parent, indicating the receipt of the referral and plans for the follow-up care.

Documentation. Documentation of referral will be maintained in a confidential manner according to the Family Educational Rights and Privacy Act.

The superintendent also provides for notification of all school division personnel of policy and procedures for management of education records and notification of parents and students of their rights regarding student records, including the right to obtain, upon request, a copy of this policy.

Code § 16.1-305.1 to school personnel responsible for the management of student records and to other relevant school personnel, including, but not limited to, the principal of the school in which the student is enrolled. The principal shall further disseminate such information to licensed instructional personnel and other school personnel who (1) provide direct educational and support services to the student and (2) have a legitimate educational interest in such information.

A parent, guardian, or other person having control or charge of a student, and, with consent of a parent or in compliance with a court order, the court in which the disposition was rendered, shall be notified in writing of any disciplinary action taken with regard to any incident upon which the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 was based and the reasons therefor. The parent or guardian shall also be notified of his or her right to review, and to request an amendment of, the student's scholastic record.

Every notice of adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 received by a superintendent, and information contained in the notice, which is not a disciplinary record as defined in Board of Education regulations, shall be maintained by him and by any others to whom he disseminates it, separately from all other records concerning the student. However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260, the notice shall become a part of the student's disciplinary record.

Any notice of disposition received pursuant to Va. Code § 16.1-305.1 shall not be retained after the student has been awarded a diploma or a certificate as provided in Va. Code § 22.1-253.13:4.

Petitions and Reports

The superintendent shall not disclose information contained in or derived from a notice of petition received pursuant to Va. Code § 16.1-260 or report received pursuant to Va. Code § 66-25.2:1 except as follows:

- If the juvenile is not enrolled as a student in a public school in the division to which the notice or report was given, the superintendent shall promptly so notify the intake officer of the juvenile court in which the petition was filed or the Director of the Department which sent the report and may forward the notice of petition or report to the superintendent of the division in which the juvenile is enrolled, if known.
- Prior to receipt of the notice of disposition in accordance with Va. Code § 16.1-305.1 the superintendent may disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the student is enrolled if the superintendent believes that disclosure to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel within the division. The principal may further disseminate the information regarding a petition, after the student has been taken into custody, whether or not the child has been released, only to those students and school personnel having direct contact with the student and need of the information to ensure physical safety or the appropriate educational placement or other educational services.
- If the superintendent believes that disclosure of information regarding a report received pursuant to Va. Code § 66-25.2:1 to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel, he may disclose the information to the principal of the school in which the student is enrolled. The principal may further disseminate the information regarding such report only to school personnel as necessary to protect the student, the subject or subjects of the danger, other students, or school personnel.

Further, parents have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record.

Parents or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

Copies of Education Records

The Wythe County Public Schools provides, on request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses and telephone listings unless a parent or eligible student has submitted a written request that the student's name, address and telephone listing not be released without the prior written consent of the parent or eligible student. The school division notifies parents of the option to make a request and complies with any request.

The school division provides military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students.

Record of Disclosure

The Wythe County Public Schools maintains a record, kept with the education records of each student, indicating all individuals (except school officials who have a legitimate educational interest in the records), agencies or organizations which request or obtain access to a student's education records. The record will indicate specifically the legitimate interest the party had in obtaining the information. The record of access will be available only to parents, to the school official and his assistants who are responsible for the custody of such records and to persons or organizations which audit the operation of the system.

The requirements related to records of disclosure stated above do not apply to disclosures made pursuant to an ex parte order issued by a court at the request of the United States Attorney General (or any federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) seeking to collect education records relevant to an authorized investigation or prosecution of international terrorism as defined in 18 U.S.C. § 2331 or other acts listed in 18 U.S.C. § 2332b(g)(5)(B).

If a third party permits access to information, or fails to destroy information, the division will not permit access to information from education records to that third party for a period of at least five years.

Directory Information

The Wythe County School Board notifies parents and eligible students at the beginning of each school year what information, if any, it has designated as directory information, the right to refuse to let the division designate any or all of such information as directory information, and the period of time to notify the division, in writing, that he or she does not want any or all of those types of information designated as directory information. The notice may specify that disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the School Board specifies that disclosure of directory information will be so limited, the disclosures of directory information will be limited to those specified in the public notice.

No school discloses the address, telephone number, or email address of a student pursuant to the Virginia Freedom of Information Act unless the parent or eligible student affirmatively consents in writing to such disclosure. Except as required by state or federal law, no school discloses the address, telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11) unless (a) the disclosure is to students enrolled in the school or to school board employees for educational purposes or school business and the parent or eligible student has not opted out of such disclosure in accordance with Virginia law and this policy or (b) the parent or eligible student has affirmatively consented in writing to such disclosure.

Parents and eligible students may not use the right to opt out of directory information disclosures to 1) prevent disclosure of the student's name, identifier or institutional email address in a class in which the student is enrolled; or 2) prevent an educational agency or institution from requiring the student to wear, to display publicly or to disclose a student ID card or badge that exhibits information designated as directory information and that has been properly designated as directory information.

2. Wythe County Public Schools shall decide whether to amend the record in accordance with the request within a reasonable period of time. If it decides not to comply, the school division shall notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's rights.

3. Upon request, Wythe County Public Schools shall arrange for a hearing, and notify the parents or eligible student, reasonably in advance, of the date, place and time of the hearing. The hearing shall be held within a reasonable period of time after the request.

4. The parent or eligible student may, at his or her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney.
5. The hearing shall be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the school division. The custodial parent has the responsibility to

1. keep the school office informed of his address and how he or she may be contacted at all times;
2. provide the current address and phone number of the noncustodial parent at registration unless such address is unknown and the parent signs a statement to that effect, or unless a court order restricts the educational or contact rights of the noncustodial parent; and
3. provide a copy of any legal document which restricts the educational and/or contact rights of the noncustodial parent.

The noncustodial parent has the responsibility to keep the school office apprised of changes in his or her current phone number and address. Further, the noncustodial parent may make timely requests to participate in parent-teacher conferences. At the request of a noncustodial parent, such parent will be included as an emergency contact for the student's activities unless a court order has been issued to the contrary.

PARENTAL RESPONSIBILITY AND INVOLVMENT

Parental responsibility and involvement requirements:

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and is supportive of individual rights.
- B. The School Board shall provide opportunities for parental and community involvement in every school in the School Division.
- C. Within one calendar month of the opening of school, the School Board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student a notice of the requirements of the sections and a copy of the School Board's Standards of Student Conduct. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or School Division's policies or decisions. Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the School Board's Standards of Student Conduct and the notice of the requirements of this section. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent(s) to meet with the principal or his/her designee to review the School Board's Standards of Student Conduct and the parent's responsibility to participate with the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress.
- E. In accordance with §22.1-277 and the guidelines required by §22.1-278, the school principal may notify the parent(s) of any student who violates a School Board policy when such violation could result in the student's suspension, whether or not the school administration has imposed such disciplinary action. The notice shall state the date and particulars of the violation, the obligation of the parent(s) to take actions to assist the school in improving the student's behavior, and that, if the student is suspended, the parent(s) may be required to accompany the student to meet with school officials.
- F. No suspended student shall be admitted to the regular school program until such student and his parent(s) have met with school officials to discuss improvement of the student's behavior, unless the school principal or his/her designee determines that readmission, without parent conference, is appropriate for the student.
- G. Upon the failure of a parent to comply with the provisions of this section, the School Board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior, as follows:
 1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the School Board's Standards of Student Conduct and the parent's responsibility to assist in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet.
 2. If the court finds that the parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior or the student or his parent to be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.00.
- H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision 2 of subsection G. Upon failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.
- I. All references in this section to the juvenile and domestic relations court shall also be deemed to mean any successor in interest of such court.

The Board directly notifies the parent of a student, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled, or expected to be scheduled:

- activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose);
- the administration of any survey containing one or more items listed in subsection I.B. above; or
- any nonemergency, invasive physical examination or screening that is
 - required as a condition of attendance;

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal or the Executive Director of Educational Services a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal or the Executive Director of Educational Services, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the Division decides not to amend the record as requested by the parent or eligible student, the Division will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school official with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the Division discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

1. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Division to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students’ education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student

- To other school officials including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a) (1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student’s State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specific allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))

- To organizations conducting studies for, or on behalf of, the school, in order to:
 - (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a) (7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- To an agency caseworker or other representative of a state or local child welfare agency, or tribal organization to have access to the student’s educational records without having to obtain parental consent or a court order. This exception applies to children for whom the public child welfare agency has legal responsibility for their care and protection, specify those children in the legal custody of the agency who are placed in out-of-home care. This would include children placed under a voluntary placement agreement and shared case responsibility youth who have been adjudicated dependent. Specifically, those who have the right to access the child’s case plan, includes the following:
 - the child’s caseworker from the public children and youth agency;
 - the child’s caseworker from a private children and youth agency with whom the public agency contracts; and
 - the supervisors or managers of such agencies.

In order to obtain a student’s records, proof of this relationship with the child must be provided. This proof can be in the form of a court order or written notification on agency letterhead indicating that the agency has legal custody or is otherwise legally responsible for the care and protection of the child. This exception does not usurp the right of a student’s parent to make all other decisions regarding the release of the child’s education records, nor does it place the child welfare agency in the role of parent or educational decision maker. Additionally, in cases where a parent is a party to a proceeding involving child abuse or neglect, or a dependency matter, and a court order is issued authorizing the disclosure of education records, additional notice need not be provided to the parent by the educational agency before educational records are released. (Added to reflect *Uninterrupted Scholars Act*, P.L. 112-278, January 14, 2013).

- Information the school has designated as “directory information” under §99.37. (§99.31(a)(11))

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Wythe County Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. For example, no school shall disclose the address, telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11), § [22.1-287.1](#), or the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) unless the parent or eligible student has affirmatively consented in writing to such disclosure. However, Wythe County Public Schools may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Wythe County Public Schools to include this type of information from your child’s education records in certain school publications.

Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. Please obtain the “Parental Refusal of Permission Regarding Military Recruiters” opt-out form from your child’s school in the main office.

If you do not want Wythe County Public Schools to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing within 15 days of the beginning of each school year or the student’s enrollment date. Wythe County Public Schools has designated the following information as directory information:

- student’s name
- participation in officially recognized activities and sports
- weight and height of members of athletic teams
- photograph
- degrees (excludes specific diploma type if student earns the following: Modified Standard Diploma, IEP Diploma and/or Certificate of Attendance)
- honors, and awards received
- dates of attendance
- grade level
- live or recorded audio/video of school related activities

If you do not want the school to release “Directory Information” about your child, please complete and sign the Parental Opt-out Form for the Release of Directory Information located in the main office at your child’s school. Please return this form to your son’s/daughter’s principal within fifteen (15) days of the receipt of this student handbook. *Please note that this opt-out transfers from parents of any student who is 18 years old or an emancipated minor under state law.

The Compliance Officer is the person designated by the School Board to receive complaints of harassment referred by the Title IX Coordinator and oversee investigation of those complaints as described below.

“Consent” is clear, unambiguous, and voluntary agreement between the participants to engage in specific sexual activity.
Prohibited Conduct

Harassment Based on Sex

Harassment based on sex consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication, which may include use of cell phones or the internet, of a sexual nature when submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment or education; submission to or rejection of the conduct or communication by an individual is used as a factor in decisions affecting that individual's employment or education; or that conduct or communication substantially or unreasonably interferes with an individual's employment or education, or creates an intimidating, hostile or offensive employment or educational environment (i.e. the conduct is sufficiently serious to limit a student's or employee's ability to participate in or benefit from the educational program or work environment).

Examples of conduct which may constitute harassment based on sex if it meets the immediately preceding definition include:

- unwelcome sexual physical contact
 - unwelcome ongoing or repeated sexual flirtation or propositions, or remarks
 - sexual slurs, leering, epithets, threats, verbal abuse, derogatory comments or sexually degrading descriptions
 - graphic comments about an individual's body

 - sexual violence
 - display of written materials, pictures, or electronic images

 - "Sexual harassment prohibited by Title IX" means conduct on the basis of sex that satisfies one or more of the following:
 - an employee of the School Board conditioning the provision of an aid, benefit, or service of the School Board on an individual's participation in unwelcome sexual conduct;
 - unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the School Board's education program or activity; or
 - "sexual assault" as defined in 20 U.S.C. § 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. § 12291(a)(10), "domestic violence" as defined in 34 U.S.C. § 12291(a)(8), or "stalking" as defined in 34 U.S.C. § 12291(a)(30).
 - Harassment Based on Race, National Origin, Disability or Religion
- Harassment based on race, national origin, disability or religion consists of physical or verbal conduct, which may include use of cell phones or the internet, relating to an individual's race, national origin, disability or religion when the conduct creates an intimidating, hostile or offensive working or educational environment;
- substantially or unreasonably interferes with an individual's work or education; or
 - otherwise is sufficiently serious to limit an individual's employment opportunities or to limit a student's ability to participate in or benefit from the education program.

Examples of conduct which may constitute harassment based on race, national origin, disability or religion if it meets the immediately preceding definition include:

- graffiti containing racially offensive language
- name calling, jokes or rumors
- physical acts of aggression against a person or his property because of that person's race, national origin, disability or religion

"Title IX Coordinator" means the person designated by the School Board to coordinate its efforts to comply with its responsibilities under this policy and Title IX.

The Title IX Coordinator may be contacted at https://wythe.k12.va.us/district/central_office_staff.

III. Complaint Procedures

Report

Any student or school personnel who believes he or she has been the victim of harassment prohibited by law or by this policy by a student, school personnel or a third party should report the alleged harassment to the Title IX Coordinator or to any school personnel. The alleged harassment should be reported as soon as possible, and the report generally should be made within fifteen (15) school days of the occurrence. Further, any student who has knowledge of conduct which may constitute prohibited harassment should report such conduct to the Title IX Coordinator or to any school personnel. Any school personnel who has notice that a student or other school personnel may have been a victim of prohibited harassment shall immediately report the alleged harassment to the Title IX Coordinator. Any complaint that involves the Title IX Coordinator should be reported to the superintendent.

The reporting party should use the form, Report of Harassment, GBA-F/JFHA-F, to make complaints of harassment. However, oral reports and other written reports are also accepted.

The complaint, and identity of the person allegedly harassed and alleged harasser, will be disclosed only to the extent necessary to fully investigate the complaint and only when such disclosure is required or permitted by law. Additionally, a person allegedly harassed who wishes to remain anonymous shall be advised that such confidentiality may limit the School Division's ability to fully respond to the complaint.

After receiving a complaint, the Title IX Coordinator makes an initial determination whether the allegations may be sexual harassment prohibited by Title IX. If they may be, the Title IX Grievance Process below is followed. If they cannot be sexual harassment prohibited by Title IX, then the complaint is referred to the Compliance Officer who follows the procedures below.

The Title IX Coordinator also determines whether the alleged harassment may also constitute criminal conduct and ensures that law enforcement officials are notified if necessary.

If the alleged harassment may also constitute child abuse, then it must be reported to the Department of Social Services in accordance with Policy GAE Child Abuse and Neglect Reporting.
Investigation by Compliance Officer

Generally

The Compliance Officer

- receives complaints of harassment referred by the Title IX Coordinator;
- conducts or oversees the investigation of any alleged harassment referred by the Title IX Coordinator;
- assesses the training needs of the school division in connection with complaints referred by the Title IX Coordinator;
- arranges necessary training; and
- ensures that any harassment investigation is conducted by an impartial investigator who is trained in the requirements of equal employment/education opportunity and has the authority to protect the alleged victim and others during the investigation.

Compliance Officer Formal Procedure

Upon receiving a referral of a complaint of alleged prohibited harassment from the Title IX Coordinator, the Compliance Officer shall immediately authorize or undertake an investigation. The investigation may be conducted by school personnel or a third party designated by the school division. The investigation shall be completed as soon as practicable, which generally should be not later than 14 school days after referral of the complaint to the Compliance Officer. Upon receiving the complaint, the Compliance Officer shall acknowledge receipt of the complaint by giving written notice that the complaint has been received to both the person complaining of harassment and the person accused of harassment. Also upon receiving the complaint, the Compliance Officer shall determine whether interim measures should be taken pending the outcome of the investigation. Such interim measures may include, but are not limited to, separating the alleged harasser and the person allegedly harassed. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the person allegedly harassed and the alleged harasser shall be notified of the reason for the extended investigation and of the date by which the investigation will be concluded.

The investigation may consist of personal interviews with the person allegedly harassed, the alleged harasser and any others who may have knowledge of the alleged harassment or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the alleged harasser and the person allegedly harassed. The investigation may also consist of the inspection of any other documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the person allegedly harassed and others pending the completion of the investigation.

In determining whether alleged conduct constitutes a violation of this policy, the division shall consider, at a minimum: (1) the surrounding circumstances; (2) the nature of the behavior; (3) past incidents or past or continuing patterns of behavior; (4) the relationship between the parties; (5) how often the conduct occurred; (6) the identity of the alleged perpetrator in relation to the alleged victim (i.e. whether the alleged perpetrator was in a position of power over the alleged victim); (7) the location of the alleged harassment; (8) the ages of the parties and (9) the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed after a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged harassment conducted under this policy or by an appropriate state or federal agency.

Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or superintendent's designee shall issue a decision regarding whether this policy was violated. This decision must be provided in writing to the person allegedly harassed and the alleged harasser. If the superintendent or superintendent's designee determines that it is more likely than not that prohibited harassment occurred, the Wythe County School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge. Whether or not the superintendent or superintendent's designee determines that prohibited harassment occurred, the superintendent or superintendent's designee may determine that school-wide or division-wide training be conducted or that the person allegedly harassed receives counseling.

Appeal

If the superintendent or superintendent's designee determines that no prohibited harassment occurred, the employee or student who was allegedly subjected to harassment may appeal this finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party, the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the alleged harasser and the person allegedly harassed.

If the superintendent or superintendent's designee determines that prohibited harassment occurred and discipline is imposed, the disciplined person may appeal the disciplinary sanction in the same manner as any other such sanction would be appealed.

Employees may choose to pursue their complaints under this policy through the relevant employee grievance procedure instead of the complaint procedure in this policy.

Compliance Officer Informal Procedure

If the person allegedly harassed and the person accused of harassment agree, the person allegedly harassed' s principal or principal's designee or supervisor may arrange for them to resolve the complaint informally with the help of a counselor, teacher or administrator.

If the person allegedly harassed and the person accused of harassment agree to resolve the complaint informally, they shall each be informed that they have the right to abandon the informal procedure at any time in favor of the initiation of the Compliance Officer Formal Procedures set forth herein. The principal or principal's designee or supervisor shall notify the person allegedly harassed and the person accused of harassment in writing when the complaint has been resolved. The written notice shall state whether prohibited harassment occurred.

Sexual Harassment Prohibited by Title IX

Definitions

"Actual knowledge" means notice of sexual harassment prohibited by Title IX or allegations of sexual harassment prohibited by Title IX to the Title IX Coordinator or any official of the school division who has authority to institute corrective measures or to any employee of an elementary or secondary school.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment prohibited by Title IX.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment prohibited by Title IX against a respondent and requesting that the allegation be investigated. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail. When the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party. The allegations in a formal complaint must be investigated. In response to a formal complaint, the Title IX Grievance Process below is followed.

“Program or activity” includes locations, events or circumstances over which the School Board exercises substantial control over both the respondent and the context in which the sexual harassment occurs.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment prohibited by Title IX.

“Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the School Board’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security or monitoring of parts of campus, and other similar measures. Any supportive measures provided to the complainant or respondent are maintained as confidential, to the extent that maintaining such confidentiality does not impair the ability to provide supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Grievance Process

Generally

Any person may report sex discrimination prohibited by Title IX, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. The reporting party may use the form, Report of Harassment, GBA-F/JFHA-F, to make a complaint. Such a report may be made at any time, including non-business hours, by using the telephone number or electronic mail address, or by mail to the office address listed for the Title IX Coordinator.

Complainants and respondents are treated equitably by offering supportive measures to a complainant and by following this grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

The Title IX Coordinator promptly contacts the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain the process for filing a formal complaint.

Applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the School Board are notified

- of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator; and
- that the School Board does not discriminate on the basis of sex in its education program or activity and that it is required by Title IX not to discriminate in such a manner. The notification states that the requirement not to discriminate extends to admission and employment and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

The School Board prominently displays the contact information for the Title IX Coordinator and this policy on its website and in each handbook or catalog it makes available to persons listed above who are entitled to notifications.

Nothing herein precludes a respondent from being removed from the School Board’s education program or activity on an emergency basis, provided that an individualized safety and risk analysis determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and that the respondent is provided with notice and an opportunity to challenge the decision immediately following the removal.

Nothing herein precludes a non-student employee respondent from being placed on administrative leave during the pendency of a grievance process.

This grievance process treats complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following this process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies are designed to restore or preserve equal access to the School Board's education program or activity.

The respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

All relevant evidence is evaluated objectively, including both inculpatory and exculpatory evidence. Credibility determinations are not based on a person's status as a complainant, respondent, or witness.

Any Title IX Coordinator, investigator, decision-maker, or any person who facilitates an informal resolution process may not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process receives training on the definition of sexual harassment prohibited by Title IX, the scope of the School Board's education program or activity, how to conduct an investigation and grievance process including appeals, and informal resolution processes, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. Decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators receive training on issues of relevance in order to create investigative reports that fairly summarize relevant evidence.

A finding of responsibility may result in disciplinary action up to and including expulsion for students or dismissal of employees. The standard of evidence used to determine responsibility is preponderance of the evidence.

This grievance process does not allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege unless the person holding such privilege has waived the privilege.

Notice of Allegations

On receipt of a formal complaint, the Title IX coordinator gives the following written notice to the parties who are known:

- notice of the grievance process, including any informal resolution process, and
- notice of the allegations of sexual harassment potentially constituting sexual harassment prohibited by title IX, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment prohibited by Title IX, and the date and location of the alleged incident, if known.

The written notice

- includes a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- informs the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- informs the parties of any provisions in the School Board's code of conduct or the superintendent's Standards of Student Conduct that prohibit knowingly making false statements or knowingly submitting false information during the grievance process.
- If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice previously provided, notice of the additional allegations is provided to the parties whose identities are known.

Dismissal of formal complaints

A formal complaint or any allegations therein must be dismissed if the conduct alleged in the complaint

- would not constitute sexual harassment prohibited by title IX even if proved,
- did not occur in the School Board's education program or activity, or
- did not occur against a person in the United States.

Such a dismissal does not preclude action under another provision of the School Board's code of conduct or the superintendent's Standards of Student Conduct.

A formal complaint or any allegations therein may be dismissed if at any time during the investigation:

- a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled or employed by the School Board; or
- specific circumstances prevent the School Board from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Investigation of formal complaint

When investigating a formal complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the School Board and not on the parties provided that a party's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party are not accessed, considered, disclosed or otherwise used without the voluntary, written consent of the party's parent, or the party if the party is an eligible student, to do so for this grievance procedure.

The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

The ability of the parties to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.

The parties have the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The choice or presence of advisor for either the complainant or respondent is not limited in any meeting or grievance proceeding.

Any party whose participation is invited or expected is provided written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings with sufficient time for the party to prepare to participate.

The investigator provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence which will not be relied upon in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to the completion of the investigative report, the investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

The investigator creates an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the time a determination regarding responsibility is made, sends to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

After the investigator has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the question any decision to exclude a question as not relevant.

Determination regarding responsibility

The decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, must issue a written determination regarding responsibility.

The written determination must include

- identification of the allegations potentially constituting sexual harassment prohibited by Title IX;
- a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- findings of fact supporting the determination;
- conclusions regarding the application of the School Board's code of conduct or the superintendent's Standards of Student Conduct to the facts;
- a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School Board imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School Board's education program or activity will be provided to the complainant; and

- the procedures and permissible bases for the complainant and respondent to appeal.

The decision-maker must provide the written determination regarding responsibility to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the parties are provided with the written determination of the result of the appeal, if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeals

Either party may appeal from a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- procedural irregularity that affected the outcome of the matter;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Notification of appeal must be given in writing to the Title IX Coordinator.

As to all appeals, the Title IX Coordinator

- notifies the other party in writing when an appeal is filed and implements appeal procedures equally for both parties;
- ensures that the decision-maker for the appeal is not the same person as the decision-maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator; and
- ensures that the decision-maker for the appeal complies with the standards set forth in title IX and this policy.

The appeal decision-maker

- gives both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- reviews the evidence gathered by the investigator, the investigator's report, and the decision-maker's written decision;
- issues a written decision describing the result of the appeal and the rationale for the result; and
- provides the written decision simultaneously to both parties and the Title IX Coordinator.

Timelines

The investigative report will be provided to the parties within 35 days from the date the formal complaint is filed.

A decision will be issued within 10 working days from the date the investigative report is submitted to the decision-maker.

Either party may appeal within 5 working days from the date the written determination regarding responsibility is given to the parties.

Any appeal will be resolved with 15 calendar days from the filing of the appeal.

If the parties agree to an informal resolution process, these deadlines are tolled from the time one party requests an informal resolution process until either the time the other party responds, if that party does not agree to the informal resolution process, or until either party withdraws from the informal resolution process.

Temporary delays of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action are permitted. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; disciplinary processes required by law or School Board policy; or the need for language assistance or accommodation of disabilities.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the parties may participate in an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility. When one party requests an informal resolution process, the other party must respond to the request within 3 days. The informal resolution process must be completed within 10 days of the agreement to participate in the process.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- the parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the grievance process with respect to the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- the parties, voluntarily and in writing, consent to the informal resolution process; and
- the informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. If the matter is not resolved, the formal complaint process is resumed.

Parties cannot be required to participate in an informal resolution process.

An informal resolution process is not offered unless a formal complaint is filed.

Recordkeeping

The School Board will maintain for a period of seven years records of:

- each investigation of allegations of sexual harassment prohibited by Title IX including any determination regarding responsibility and any audio or audiovisual recording or transcript, if any, required under the Title IX regulations, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to School Board's education program or activity;
- any appeal and the result therefrom;
- any informal resolution and the result therefrom; and
- all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. These materials will also be made available on the School Board's website.

For each response required under 34 C.F.R. § 106.44, the School Board must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment prohibited by Title IX. In each instance, the School Board will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to its education program or activity. If the School Board does not provide a complainant with supportive measures, then it will document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

IV. Retaliation

Retaliation against students or school personnel who report harassment or participate in any related proceedings is prohibited. The school division shall take appropriate action against students or school personnel who retaliate against any student or school personnel who reports alleged harassment or participates in related proceedings. The Title IX Coordinator will inform persons who make complaints, who are the subject of complaints, and who participate in investigations of how to report any subsequent problems.

V. Right to Alternative Complaint Procedure

Nothing in this policy shall deny the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited harassment including initiating civil action, filing a complaint with outside agencies or seeking redress under state or federal law.

VI. Prevention and Notice of Policy

Training to prevent harassment prohibited by law or by this policy is included in employee and student orientations as well as employee in-service training.

This policy is (1) displayed in prominent areas of each division building in a location accessible to students, parents and school personnel (2) included in the student and employee handbooks; and (3) sent to parents of all students within 30 calendar days of the start of school. Further, all students, and their parents/guardians, and employees are notified annually of the names and contact information of the Compliance Officers.

VII. False Charges

Students or school personnel who knowingly make false charges of harassment shall be subject to disciplinary action as well as any civil or criminal legal proceedings.

EQUAL EDUCATIONAL OPPORTUNITIES/NONDISCRIMINATION (JB)

I. Policy Statement

Equal educational opportunities are available for all students, without regard to sex, sexual orientation, race, creed, color, national origin, gender, gender identity, ethnicity, religion, disability, ancestry, marital or parental status or any other unlawful basis. Educational programs are designed to meet the varying needs of all students.

II. Complaint Procedure

A. File Report

Any student who believes he or she has been the victim of prohibited discrimination should report the alleged discrimination as soon as possible to one of the Compliance Officers designated in this policy or to any other school personnel. The alleged discrimination should be reported as soon as possible, and the report generally should be made within fifteen (15) school days of the occurrence. Further, any student who has knowledge of conduct which may constitute prohibited discrimination should report such conduct to one of the Compliance Officers designated in this policy or to any school personnel. Any employee who has knowledge of conduct which may constitute prohibited discrimination shall immediately report such conduct to one of the Compliance Officers designated in this policy.

The reporting party should use the form, Report of Discrimination, JB-F, to make complaints of discrimination. However, oral reports and other written reports shall also be accepted. The complaint should be filed with either the building principal or one of the Compliance Officers designated in this policy. The principal shall immediately forward any report of alleged prohibited discrimination to the Compliance Officer. Any complaint that involves the Compliance Officer shall be reported to the superintendent.

The complaint, and identity of the complainant and of the person or persons allegedly responsible for the discrimination, will not be disclosed except as required by law or policy, as necessary to fully investigate the complaint or as authorized by the complainant. A complainant who wishes to remain anonymous will be advised that such confidentiality may limit the school division's ability to fully respond to the complaint.

B. Investigation

Upon receipt of a report of alleged prohibited discrimination, the Compliance Officer shall immediately authorize or undertake an investigation. The investigation may be conducted by school personnel or a third party designated by the school division. The investigation shall be completed as soon as practicable, which should generally be not later than 14 school days after receipt of the report by the Compliance Officer. Upon receiving the complaint, the Compliance Officer shall acknowledge receipt of the complaint, by giving written notice that the complaint has been received, to both the person complaining of discrimination and the person or persons allegedly responsible for the discrimination. Also upon receiving the complaint, the Compliance Officer shall determine whether interim measures should be taken pending the outcome of the investigation. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the complainant and the person or persons allegedly responsible for the discrimination will be notified of the reason for the extended investigation and of the date by which the investigation will be concluded.

The investigation may consist of personal interviews with the complainant, the person or persons allegedly responsible for the discrimination, and any others who may have knowledge of the alleged discrimination or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the complainant and the person or persons responsible for the alleged discrimination. The investigation may also include the inspection of any documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the complainant and others pending the completion of the investigation.

Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed by a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged discrimination conducted under this policy or by an appropriate state or federal agency.

C. Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or designee shall issue a decision regarding (1) whether this policy was violated and (2) what action, if any, should be taken. This decision must be provided in writing to the complainant. If the superintendent or designee determines that prohibited discrimination occurred, the BLANK School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge.

D. Appeal

If the superintendent or designee determines that no prohibited discrimination occurred, the student who was allegedly subjected to discrimination may appeal this finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party and the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the complainant and the person or persons responsible for the alleged discrimination.

If the superintendent or designee determines that prohibited discrimination occurred and discipline is imposed, the disciplined person may appeal the disciplinary sanction in the same manner as any other such sanction would be appealed.

III. Retaliation

Retaliation against students or school personnel who report discrimination or participate in the related proceedings is prohibited. The school division shall take appropriate action against any student or employee who retaliates against another student or employee who reports alleged discrimination or participates in related proceedings. The Compliance Officer will inform persons who make complaints, who are the subject of complaints, and who participate in investigations of how to report any subsequent problems.

IV. Right to Alternative Complaint Procedure

Nothing in this policy denies the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited discrimination including initiating civil action, filing a complaint with outside agencies or seeking redress under state or federal law.

V. Prevention and Notice of Policy

Training to prevent discrimination should be included in employee and student orientations as well as employee in-service training.

Each school is to keep a list of all financial obligations that a parent is obligated to pay resulting from the above. This record is to remain a part of each student's record until all financial obligations have been satisfied. A student may not participate in the graduation ceremony of his/her school until he/she has met all of his/her financial obligations to the Wythe County Public Schools.

WYTHE COUNTY PUBLIC SCHOOLS MEAL CHARGE POLICY (JHCH-WCPS)
UPDATED Sept 2021

It is the responsibility of parents to pay for student meals either in advance or at the time the meal is served.

Policy:

Policy for Students with Insufficient Funds for School Meals and Delinquent Accounts in the School Nutrition Program (aka Meal Charge Policy OR Unpaid Meal Charge Policy).

Regulations:

2 CFR Part 200 Section 143 of the Healthy, Hunger-Free Kids Act of 2010.

The National School Lunch and School Breakfast Programs are integral in ensuring that students have access to nutritious meals to support their academic success. It is also imperative to protect the financial stability of school nutrition program.

The intent of this policy is to establish a process and procedure to handle situations when children eligible for reduced-price or full-price meal benefits have insufficient funds to pay for school meals; as well as for the collection of unpaid meal charges and delinquent account debt.

Children may receive breakfast and lunch at no cost to them if they are categorically eligible for free meals or if they qualify for free meals based on Federal poverty guidelines. Children who do not qualify for free meals may purchase meals at a subsidized cost, at either the reduced price or paid rate.

1. Students who qualify for free meals will not be denied a reimbursable meal even if they have accrued a negative balance on their cafeteria account.
2. Students who have money to pay for a reduced-price or full price meal at the time of service must be provided a meal. If the student intended to use the money for that day's meal, the SFA will not use the money to repay a negative balance or other unpaid meal charge debt.
3. Students will not be made to work for their meal or to work to settle any unpaid meal charges. In addition, students will not be labeled with a hand stamp, sticker, wristband or identified in any other way if they cannot pay for a meal or have an unpaid meal charge.
4. Students without funds to pay for a reduced-price or full price meal are allowed to charge Breakfast and Lunch.
5. Students are allowed to charge reimbursable meals up to \$20.00.
6. Students who charge a meal will receive a reimbursable meal.
7. No a la carte or snack items will be allowed to be charged to their cafeteria account.

Notifying the Household of Low or Negative Balance in Student Cafeteria Account

1. The student's parent/guardian will be notified when a student's cafeteria account has a negative balance.
2. The school office will notify parent/guardian of low or negative balances via either School Messenger alerts, letters sent home with student, and/or telephone calls.
3. Notifications to parent/guardian will include the amount of unpaid meal charges, expected payment dates, and where to go for questions or assistance.
4. The consequences of non-payment will be determined on a case-by-case basis.
5. The persons responsible for managing unpaid meal charges are:
 - a. SNP school-based staff will collect payment for meals at the POS.
 - b. SNP school-based staff will notify the office of negative balances and the office will contact parent/guardian.

At any time, parents can access student account balances via PowerSchool or [MySchoolBucks](#).

Delinquent Debt/Bad Debt

The student's household will be notified within five (5) days of the charge for repayment. Repayment is expected upon receipt of notice.

Bad debt is defined as delinquent debt that is deemed uncollectible at the end of the school year. Bad debt is unallowable in the SNP and cannot be carried over to the next school year. Funds resulting from bad debt cannot be recovered using SNP funds and must be offset by non-federal sources.

At the end of the school year, the SNP school-based staff will notify the school office of all delinquent debt. The school will pay the total amount of delinquent debt to the SNP by the last day of school.

Efforts to recover the delinquent debt will be handled by each school office.

Assistance to Households

Households with questions or needing assistance may contact the school office where their student attends or the School Nutrition Program office at: (276) 228-5411, Wythe County Public Schools, Attn: School Nutrition Coordinator, 1570 West Reservoir Street, Wytheville, VA 24382.

Collection procedures for Delinquent and Bad Debt- Adverse Action

At the end of the school year when a household has reached a threshold of \$10.00, collection procedures will be initiated.

Household will receive a Notification/Notice of Adverse Action stating collection procedures have begun.

If payment is not received, responsible party will continue to be notified of delinquent charges for a period not to exceed twenty days or June 30th, whichever comes first.

If notification attempts fail, the unresolved charges may be turned over to a collection agency.
