

# WCPS 2020-2021 COVID-19 Parent/Guardian Home Screening Pledge

Student Name: \_\_\_\_\_ School/Grade: \_\_\_\_\_

In order to strive to maintain a safe and healthy environment at school, it is important for parents/guardians to screen their children at home **every day** before sending them to school or any school activity.

Screening involves checking for the following symptoms:

- Temperature of 100 degrees or greater
- Cough
- Shortness of breath
- Chills
- Fatigue
- Muscle or body aches
- Congestion or runny nose
- Sore throat
- Headache
- New loss of taste or smell
- Nausea
- Vomiting (with an unidentified cause, not related to anxiety or eating)
- Diarrhea
- Exposure to someone with COVID-19

If your child has any of the following symptoms or exposure, we ask that he/she stays home until testing negative, until released by a doctor, or until 14 days have passed since the symptoms appeared and three days with no fever.

If your child has to stay home due to COVID-19 symptoms or exposure, he/she can participate in Distance Learning.

Please read and electronically sign the section below.

Thank you for your cooperation!

---

**I pledge to screen my child every day before sending him/her to school or a school activity. If my child has any of the symptoms listed above or has been exposed to COVID-19, I will follow the provided guidelines.**
